PROFESSIONAL ACTIVITIES

INTERNATIONAL JOURNAL EDITORSHIP

- International Journal of Knowledge-Based Intelligent Engineering Systems (ISSN 1327-2314)
  This journal was initiated in January 1997.

EXECUTIVE ADVISORY BOARD MEMBERSHIP

- IEEE Transactions on Fuzzy Systems, IEEE Press USA, 1999-present.

REGIONAL EDITORSHIP

- The International Journal of Computers, Systems and Signals - IJCSS, South Africa, 2000-present.
- Neural Computing and Applications, Springer-Verlag, Germany, 1998-present.

ASSOCIATE EDITORSHIP

- IEEE Transactions on Industrial Electronics, USA, 1996-98.
- International Journal of Pattern Recognition and Artificial Intelligence, Singapore, 1996-present.

EDITORIAL BOARD MEMBERSHIP

- Machine Intelligence and Robotic Control, An International Journal, Cyber Scientific, Japan, 1999-present.
- International Journal of Artificial Intelligence, USA, 1994-present.
- Journal of Network and Microcomputer Applications, An International Journal, Academic Press, England, 1995-present.
- Neurocomputing, An International Journal, Elsevier Science, The Netherlands, 1995-present.

INTERNATIONAL CONFERENCES ORGANISATION

- Fifth International conference on Knowledge-Based Intelligent Engineering Systems, KES2001, Osaka, Japan.
- Fourth International conference on Knowledge-Based Intelligent Engineering Systems, KES2000, Brighton, England.
- Third International conference on Knowledge-Based Intelligent Engineering Systems, KES99, Adelaide, Australia.
- Second International conference on Knowledge-Based Intelligent Engineering Systems, KES98, Adelaide, Australia.
- First International conference on Knowledge-Based Intelligent Engineering Systems, KES97, Adelaide, Australia.

KEYNOTE / PLENARY ADDRESS PRESENTATION

- Fusion of Knowledge-based Intelligent Paradigms and their Applications, Third International ICSC Symposia on Soft Computing (SOCO'99),Genove, Italy, June 1999.
- Knowledge-Based Intelligent Paradigms: A Novel Teaching Approach, The Eight Turkish Symposium on Artificial Intelligence and Neural Networks, Istanbul, Turkey, June 1999.
- Knowledge-based Intelligent Techniques in System Design, National Conference on Biomedical Engineering, Manipal, India, April 1998.
- Integration of Neural Networks, Fuzzy Systems and Evolutionary Computing in System Design, The Third Asian Fuzzy Symposium, Kyungnam, Korea, June 1998.
- Computer-Aided Teaching and Learning Beyond 2000, International Conference on the Technical Education in the 21st Century, Bhopal, India, January 1998.

INTERNATIONAL BOOK SERIES EDITORSHIP (WWW.CRCPRESS.COM)

- International Series on Computational Intelligence, CRC Press, U.S.A.(Series Editor: L.C. Jain)
- International Series on Telecommunication and Intelligent Signal Processing, CRC Press, U.S.A. (Series Editors: S. Verdú, Princeton University and L.C. Jain)

KES CENTRE MANAGER:

S.K. Mehta
